For a Free China, a Democratic Future, and a Stronger Global Community

Introduction

The **Chinese Liberal Democracy Party (CLDP)** stands for democracy, human rights, and political reform in China. We advocate for a **multi-party system, freedom of speech, and the rule of law** while supporting the Chinese diaspora in the UK. Our mission is to **oppose authoritarianism, promote democratic values, and safeguard the rights of individuals persecuted by the Chinese Communist Party (CCP)**.

We are committed to:

- ✓ **Ending one-party rule in China** and transitioning to a **free and fair electoral system**.
- ✓ **Defending human rights** and supporting those oppressed by the CCP.
- ✓ **Countering CCP influence abroad**, including in the UK and international institutions.
- ✓ **Building a strong, engaged Chinese diaspora** that values freedom, democracy, and integration.
- ✓ **Promoting international pressure** to hold the Chinese government accountable for its actions.

1. Democracy, Governance & Political Reform

A free China must be built on the foundations of **democracy, transparency, and the rule of law**. Our party will:

- **Advocate for multi-party democracy** in China and the right of citizens to elect their leaders.
- **Demand constitutional and judicial reform** to ensure an **independent judiciary** free from CCP control.
- **Call for the end of censorship** and promote **unrestricted access to information** and the internet.
- **Support Chinese activists and opposition movements** seeking peaceful democratic change.

- **Push for international coalitions** that support democratic reforms in China.

2. Human Rights & Civil Liberties

China's current regime continues to violate the **fundamental human rights** of its citizens and minority groups. We will:

- **Expose and condemn human rights abuses** against **Uyghurs, Tibetans, Hong Kongers, and political dissidents**.
- **Demand the immediate release** of all **political prisoners, journalists, and activists** jailed for free speech.
- **Fight against digital surveillance and the Great Firewall**, advocating for **internet freedom**.
- **Promote religious and cultural freedom**, allowing people to practice their beliefs without persecution.
- **Support legal and financial assistance** for Chinese asylum seekers fleeing oppression.

3. UK-China Relations & Countering CCP Influence

The CCP's influence is growing beyond China's borders. We will:

- **Call for stronger laws to counter CCP espionage, intimidation, and overseas police stations** in the UK.
- **Work to ban Confucius Institutes** that promote CCP propaganda in UK universities.
- **Strengthen UK cybersecurity measures** against CCP-backed surveillance and cyber-attacks.
- **Expose UK-based CCP influence networks**, including economic, political, and media infiltration.
- **Support a UK foreign policy that prioritizes democracy and human rights over economic appeasement**.

4. Supporting the Chinese Diaspora in the UK

The Chinese community in the UK deserves to be **free from CCP interference and empowered to participate in democracy**. We will:

- **Defend UK-based Chinese activists and dissidents** from harassment by pro-CCP forces.

- **Promote political participation among Chinese-British citizens** and encourage civic engagement.
- **Ensure legal protections for Chinese businesses and students** from CCP coercion.
- **Support cultural and educational programs** that teach China's **true democratic history**, including the Tiananmen Square Massacre.

5. Economic Responsibility & Ethical Trade

We support economic policies that hold **China accountable for its unfair trade practices and exploitation**. Our party will:

- **Advocate for sanctions on Chinese officials and companies** involved in human rights abuses.
- **Support trade policies that prioritize ethical labor practices** and **ban imports linked to forced labor**.
- **Encourage investment in alternative supply chains** that reduce reliance on the Chinese government.
- **Promote fair and transparent business practices** for Chinese-owned enterprises operating in the UK.

6. Climate & Environmental Justice

The CCP is one of the world's worst polluters. We will:

- **Hold China accountable for its environmental impact** and its failure to meet global climate agreements.
- **Support UK divestment from Chinese companies** engaged in illegal deforestation and pollution.
- **Push for stronger international cooperation** on climate action that **excludes CCP greenwashing tactics**.

7. International Cooperation & Global Democratic Alliances

We believe in a global movement to counter authoritarianism. Our party will:

- **Strengthen ties with pro-democracy movements** in Taiwan, Hong Kong, and among the Chinese diaspora.
- **Encourage democratic governments to take a stronger stand** against the CCP's authoritarian influence.

- **Support diplomatic pressure and legal actions** against CCP leaders responsible for crimes against humanity.
- **Promote cross-border democratic solidarity** to help oppressed groups worldwide.

Our Vision for the Future

We believe in a **China where people are free to vote, speak, and live without fear**. We envision a China that respects human rights, upholds democratic values, and is a responsible global partner.

The fight for democracy will not be easy, but it is necessary. We call on **activists, students, intellectuals, business leaders, and all who believe in freedom** to stand with us. Together, we can challenge authoritarianism and build a **democratic future for China**.
